# ABOUT US

CORVUS is a wholesale company located in the heart of Baden-Württemberg between Tübingen and Reutlingen.

You will find an extensive, carefully compiled assortment of smart, unusual tools for children.

Our aim is to offer children a new way of exploring and experiencing the areas of everyday life that are well-known to us as adults, in order to give them creative, independent and self-confident access to the world of the "big ones".

Our two own brands are:

- Kids at Work" - Real tools and outdoor items for children
- Rattlesnake" - Wooden percussion instruments for children

In the meantime, the company managed by Mr. Gramsch has been in existence for more than 30 years. Founded in 1992, we offer our customers fast delivery service as well as friendly and competent customer support.

All articles are carefully selected and come mostly from connections with suppliers, to whom we maintain already business relations of many years. Our products come from all over the world, always selected under the aspects of environmental compatibility, social environment and economic efficiency.

## KIDS-AT-WORK LUMINARIES NIGHTLIGHT MAKER

It's a strange name, but what else can you call it? To process an empty can so that a candle can shine through the hammered holes, you need our can light knocker. With the help of this maker you can change a simple food tin can into a beautiful candle nightlight.

### Luminaries Nightlight Maker Standard

This Maker Standard is a kit for self-assembly:

### A750440 Luminaries Nightlight Kit

DIY Kit. Luminaries maker consists of 2 wooden blocks, large wooden roll and suitable large screw with washer and butterfly screw, 5 screws Enclosed accessories: 2 clamps, 3 golden tins, 2 nails, hammer, 3 tea lights, templates.

### Luminaries Nightlight Maker PRO-Version

The slim professional version. The assembly (everything necessary is included) is quite simple: only the round wooden roll need to be screwed to the wooden block. In comparison to the standard version, the can is not processed above the table, but in front of it. Especially suitable for workshops, schools and stable tables.

This Maker PRO is available in two sets:

### A750485 Luminaries Nightlight Kit Profi

It consist: 1 wooden block, large wooden roll and suitable large screw with washer and butterfly screw, 2 clamps, 4 nails, templates.

### A750486 Nightlight and Lantern Kit Pro

Our biggest DIY set regarding the theme of luminaries nightlights so far! Contains the base station, two small and two big tin cans and additional material to built lanterns also. The complete package without anything missing. Content: all you can see at the picture + templates and two tea lights.

### ACCESSORIES:

**A750482 EAN: 4047542754820**  
**NIGHTLIGHT TEMPLATES BIG 02**

In each set there are 55x templates in 11 different motifs.

**A750489 EAN: 4047542754899 PU: 12**  
**CAROUSEL CANDLE HOLDER**

A great addition to our can lights! A tealight heats the air, it rises in the can and drives the propeller. Wonderful to look at and also so educational! The absolute crowning glory of any canned dumping production! Enough words, you just have to try them! Container for tealight, holder and propeller. (With tealight, tin can not included).

### and that's how it's done:

The Luminaries Nightlight Maker has to be fastened to the table with included clamps. The desired template is wrapped around the can and fixed with transparent adhesive tape. The can is put over the wooden roll and small holes are made in the can along the edge of the motif with the steel nail and hammer. When everything is ready: remove the paper, light the tea light and put it in, it looks really nice!
